(ii) "That the Report of the Audit Board should form part of the Agenda of the Senate meeting at which it is presented and should formally be moved thereat by the Chairman for adoption."

II. The Committee further considered the suggestions made in Mr. Naraniengar's letter and unanimously resolved :—

(i) That, with regard to item 4 (i) no such tabular statement is necessary but that the Chairman may be informed of the action taken on each of the Reports of the Board to the Council and

(7) The scholarships shall be given as a general rule alternately to the Central and Maharaja's Colleges.

(8) Scholarships shall be given only to Brahmana students. Those who have other means of their own shall be ineligible.

(9) The selection should be made according to the results of the previous University or other public examination qualifying the candidate to enter on the proposed course of study. Those who have passed the examination in Sanskrit as one of the subjects and propose to continue their course in it as an optional subject or as a second language will be eligible provided they have obtained not less than 50 per cent of the total marks; and the highest in rank will be selected. If no such candidates are available, the best of the candidates will be given the scholarships for such study as may be approved by the Committee.

(10) The candidates for the M. A. scholarships must take up Sanskrit or Kannada and Sanskrit for the M. A. Degree.

II. Gold medals will be awarded out of the surplus income of every year as follows:—

(1) One medal of the value of Rs. 75 to the candidate who stands highest in the B. A, Examination of the year in the Mysore College, taking Sanskrit as an optional subject failing such a candidate to one who stands highest taking Sanskrit as a second language.

(2) For the Bangalore City College, a medal for the B. Sc. to be awarded to one who obtains the highest total number of marks at the B. Sc. Sc. is eligible in any year, the medal should go to the candidate who stands highest in the B. A. Examination taking Sanskrit as a second language.

(3) One medal of the value of Rs. 100 to the candidate that passes the M. A. Degree Examination obtaining the highest total marks in Sanskrit and is placed in class I or II. If there be no such Master of Arts in Sanskrit in any year, no award shall be made that year, but the medal so held over may be awarded in any subsequent year to first class M. A. in Sanskrit standing second if there should be one.

(4) The medals to be open to general competition.

III. The following are the rules for the award of a prize called "The Navinam Ramanujacharya Sanskrit Prize" in respect of the unspent balance of Rs. 50 left every year out of the interest:—

(1) A Prize of the value of Rs. 100 shall be awarded by the University Council for the best essay in Sanskrit on a subject previously prescribed.

(2) It shall be awarded in alternate years.

(3) It shall be open to graduates of any Indian University provided they have taken the B. A. Degree within ten years immediately preceding the year in which they compete.

(4) The subject for the essay shall be prescribed by the Board of studies in Sanskrit.

(5) The subject for the essay shall be publicly notified by the Registrar a year before the date fixed for receiving the essay.

(6) The essay should reach the Registrar of the Mysore University on or before the 30th June of the year in which the award is made.

(7) Each essay shall have a motto, instead of the writer's name and shall be accompanied by a sealed cover containing the name of the candidate, the year in which he passed the highest University Examinations, name of University, his Post Office address, and a declaration that the essay sent in by him is his own *bona-fide* composition.

(8) The essay shall be examined by two judges nominated by the Vice-Chancellor.

(9) The council may withhold the prize in any year if the essays submitted be considered by the judges to be of insufficient merit.

(10) In the event of two essays being judged of equal merit, the Council may direct that the prize be divided between their authors.

IV. (1) Committee of Management to consist of—The Vice-Chancellor, the Principals of the two Colleges, the donor or his nominee, the Inspector-General of Education, and two other gentlemen nominated by Government in such a manner as to have at least three Brahmanas on the Committee.

(2) The continuance of the scholarships should be subject to the same rules as to conduct and progress as are applicable to Government scholarships. The committee should have power to withdraw scholarships for conduct opposed to the holder's dharma as a Brahmana.

(3) The committee should have power to withhold the award of medals and scholarships in any year if, in their opinion, no candidate otherwise eligible comes up to a proper level of fitness. The surplus secured may be employed to award more scholarships and medals another year, or be added to the corpus of the fund, at their discretion.

(4) The committee with the consent of the University Council shall have power to alter the rules of award as to subjects of study, but not as to classes of recipients.

(5) When such a measure is likely to enhance the income of the fund, the investment may, with the sanction of Government, be altered by the University Council, but always so as to have the guarantee of His Highness' Government both for the principal and the income

These scholarships carry free studentship under Government Order No. 2746—Edn. 86-16-42, dated 10th September 1917.
